Message from President Malaysian Society of Allergy and Immunology (MSAI)

Persatuan Alergi dan Immunologi

Dear Colleagues,

On behalf of the Malaysian Society of Allergy & Immunology (MSAI), it gives me great privilege to welcome all of you to the 22nd Malaysian Congress of Allergy & Immunology and Annual General Meeting at the InterContinental Hotel Kuala Lumpur, Malaysia on March 17-19, 2023.

This is MSAI's first physical meeting held since the COVID-19 pandemic. Being a much sought after event, we are all excited to welcome all of you back again to a 'face-to-face' meeting.

The 2023 programme has been planned to attract and keep the attention of our target audience. This congress is relevant to general practitioners, primary care physicians, pediatricians and to all specialists who have interest in the field of Allergy & Immunology. At the time of writing this message, we are anticipating 20 CPD as accreditation of the scientific programme.

Without the hard work and dedication of the Executive Committee of MSAI to ensure success of this congress, this event would not have been possible.

We would also like to thank all the speakers for their contribution, invaluable time spent, effort made in helping MSAI achieve its objectives and aims towards this congress.

We are also grateful to our staunch sponsors for their generous contribution, support provided, and those who have agreed to send delegates to the meeting.

Last but not least, we would like to thank all the delegates for being here with us to keep themselves abreast with the latest in the field of Allergy and Immunology.

With very warm regards,

Dr Kent Woo Chee Keen

President, Malaysian Society of Allergy and Immunology (MSAI) &
Chairman, Scientific Committee
